Manchester, Dec 7 1865

My dear Sir,

If there is anything in the enclosed letter that will suit you for the Liberator you can use it in any way that seems best.

Perhaps, as I have mentioned you in the letter - it would perhaps as well to print it as addressed to my good dear friend Mr. Thompson.

But that I leave to your editing.

May we not hope to see you in here this summer? You will have a noble Free Trade Hall Reception

in Manchester - I can
remain your.

I watch with deep
interest every move
and every utterance
on your side.

God bless you!

May you soon
have Peace -

founded on Union
Freedom and Equal
Rights - for all!

All the friends
here greet you
with affectionate
regards.

Believe me

Ever your

devoted, humble
friend & disciple
